ABOUT ME

Highly motivated and passionate Web Developer with a Bachelor's degree in Computer Applications from Galgotias University. Proficient in modern web technologies including HTML, CSS, JavaScript, ReactJS, NodeJS, and MongoDB. Demonstrated ability to design and develop responsive web applications with strong problem-solving skills and attention to detail. Seeking to leverage technical expertise and project experience to contribute effectively to dynamic development teams.

EDUCATION

GALGOTIAS UNIVERSITY | 2026   2023-2026
Bachelore of Cpmputer Applications (2026)
Relevant Coursework: Web Development, Database Management,
Object-Oriented Programming, Software Engineering

SKILL

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), ReactJS
- **Backend Technologies:** NodeJS, Express.js
- **Database Management:** MongoDB
- **Programming Languages:** Java, JavaScript
- **Web Development:** Responsive Web Design, Progressive Web Applications
- **Version Control:** Git/GitHub
- **Development Tools:** VS Code, Chrome Developer Tools
- Communication
- **Soft Skills:** Problem Solving, Team Collaboration, Analytical Thinking, Time Management

PROJECTS

My Personal Portfolio Website   **2024-NOW**
Frontend Development | HTML, CSS, JavaScript

• Designed and developed a fully responsive personal portfolio website showcasing technical skills and projects
• Implemented modern CSS techniques for enhanced user interface and user experience
• Integrated interactive elements using JavaScript for dynamic content presentation
• Optimized website performance and cross-browser compatibility

Progressive Web App Learning Platform
Full Stack Development | ReactJS, NodeJS, MongoDB
• Built a comprehensive learning platform with offline functionality using PWA technologies
• Developed responsive user interface with ReactJS for seamless user experience across devices
• Implemented backend API using NodeJS and integrated MongoDB for data management
• Added service workers for caching and offline access capabilities

Tic-Tac-Toe Game

Game Development | JavaScript, HTML, CSS

• Implemented JavaScript algorithms for game state management and win condition detection
• Created intuitive user interface with CSS styling and smooth gameplay interactions
• Applied object-oriented programming concepts for code organization and maintainability

ADDITIONAL INFORMATION

Languages: Hindi (Native), English (Fluent)

Professional Interests: Full Stack Web Development, User Experience Design, Database Optimization, Modern JavaScript Frameworks
